

August 2017

Keep our focus on God, Eyes set toward Eternity, to be Kingdom minded through the mind of Christ.

**Medellin Colombia 2017**

God poured out His love, hope, and encouragement to the lives of others and He touched them in deep places for healing and restoration. We began on Sunday morning as we split into teams to minister in churches around the city. Our team: Doug, myself, Gabriel & Amy Estrada and their 18 year old son, Jayden Ridgway. We all gave a part of our testimonies but we watched as Jayden, whom we were told was shy, began to reveal his heart for God in such a way that

the congregation responded to and were encouraged. Afterwards, Doug gave the message: "The Testimony of How You Live is as important as How You Speak."

On Monday we spent time at Viento Fresco, a children's foundation. While there, we and Chad Bridges had the great privilege of praying for the staff. We were able to meet each one on a personal level. Every individual that we prayed for left with their hearts lifted and a reminder that God would never leave them or forsake them. Curses were broken, fears were released and captives were set free.

Tuesday we were invited to the CFNI-Colombia campus. It was the first day of a new school year. After a word of encouragement was spoken over these young students, we were released to prophesy over them as individuals and to help them to prophesy over others. It was an amazing thing to watch young people who love God, step out of their comfort zones and trust God enough to use themselves for others! We were able to speak life into a generation that will move mountains for the Kingdom of God. Also, by the leading of the Holy Spirit, one young woman received her prayer language.

Wednesday we had opportunity to do some street ministry in one of the city parks. We helped to distribute food and coffee to the homeless as the Word of God was spoken over them. There were 10 salvations added to our Lord Jesus! It is awesome to watch the Glory of the Lord at work!

On Thursday we had our play day and as we topped the hill to our destination, the most amazing sight was revealed. A giant rock appeared and was so out of place that the power

of God had to be its source. This monolith had stairs carved into the side and consisted of 728 steps to get to the top! Janie Gomez, Gabriel Estrada and Jaydon Ridgway were the only members of our team to make the trek to the top. While they were climbing, the rest of us went to the local village to look around and shop. Thursday Evening was an incredible time of prayer. The JUMP Ministries team prayed and ministered to us. It was a good time of fellowship that was had by all.

We ended our trip on Friday with a Pastor’s Conference wherein 150 Pastor’s came together in attendance. After the conference was over we had a prayer and ministry time that lasted a long while. Once again, God was on the move and He poured His Spirit out to those who would receive.

Your prayers and support have seen a great harvest from this trip. Lives were changed, brothers and sisters in Christ were encouraged and their faith, as well as our own, strengthened and souls were won for the Kingdom.

Each of you who support us, have an equal reward in heaven waiting for you there. Our prayer is that as you read this that you are encouraged and strengthened knowing that you had a tremendous part in making this happen. We pray blessing and peace over you all.

Blessings,

Doug & Lisa Barber
